Flexible Saf-T-Fence Package - 150'

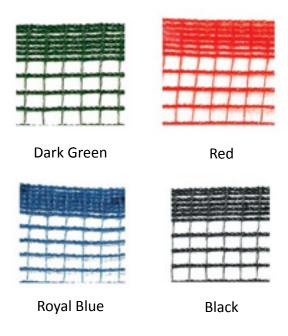

The original flexible safety fence! Perfect for both beginners and experienced ball palyers, Saf-T-Fence is a soft, flexible fencing system great for any ball field.

The included flexible posts offer excellent injury protection because they flex and absorb impact 360° and distribute pressure evenly to the fence.

This sytem is made from high performance materials that are weather-resistant and UV protected to offer many years of trouble-free use!
